B.FAD is a special course designed for students who want to pursue their career or have a shenar sense of it. This course educates an aspirant about the working in the fashion industry.

This course trains the students in multiple fields so that after the completion they can continue Costume Designers, Stylists, etc. along with teaching them about the cultures, history, and evolution

FAQ's

What are the career options after B.FAD?

What are the skills taught during fashion designer course?
