STUDENT LIFE

I am mother of Yuvaan Arora studying in Pre-Nur Rose under the mentorship of Ms. Nitika Durga... I am a happy parent as my kid enjoys the class and is very much influenced by the interactive way of her teaching. Despite of no in-person meeting with his teacher and no physical school, he is still indulged and shares a beautiful bond. The output is beyond satisfactory with amazing guidance of Miss Vaishali (Head-Mistress). The School has put its best in this pandemic... Bravo

Mother of Yuvaan Arora

During the pandemic, we faced lots of problems with our previous result due to which we shifted our child to PIET Sanskriti School. It turned out to be a wise decision. Here we got good mentors for our child who were capable to adapt to the changes required to guide the child in these stressful times of COVID-19.

As there were no physical classes, the interaction through online was great. Apart from that the fee structure was also very lenient compared to other educational institutions as we heard there are strict rules for the payment of dues at other schools whereas PIET was flexible. I can now say that it is the best school in Panipat for our child.
