The H1B visa is an immigration visa that enables firms in the United States to temporarily hire foreign workers in areas of expertise occupations. Engineering, which is technology, the

accounting profession, healthcare, and design are examples of specialized vocations that involve conceptual or technical skills in a single field of endeavour.

AGACS PVT LTD has received client plaudits, We are the H1b visa experts in India. We openly state our H1B visa cost and criteria so that every one of our clients understands the costs involved. For over a decade, we have been ranked as the best H1B visa consulting firm in India. We have everything needed to assist our clients with the H1B lottery 2024 and H1B lottery 2025. We adhere to all H-1B online registration rules. We are also doing well in the H1B visa for 2024 filing, and we look eagerly at filing H1B visas for Fiscal Year 2024-2025.

Any US employer who has an IRS Tax ID number may apply for an H1B visa for a foreign worker. An employer also must be authorized to submit a Labour Condition Application (LCA) with the United States Department of Labour (DOL), that verifies that the business is willing to pay the current rate of pay for the position and would not harm the conditions of employment of U.S. workers.
