How to Write a CDR?

To write an effective CDR, applicants must follow the points below:

- Nominate preferred Occupation
- Choose three Engineering projects
- Make an Outline
- Write Career Episodes' narratives
- Frame a Summary Statement
- Make a list of CPD Statements
- Create an updated CV

Three Career Episodes (CEs)

Career episodes are detailed narratives that demonstrate applicants' knowledge, abilities, and experience through their education and work. A career episode must be in essay form and include the sections below:

- Conferences, Seminars, and Workshops Attended
- Technical meetings and Technical inspections attended
- Formal postgraduate and short courses completed
- Books, journals, and manuals studied

A Summary Statement (SS)

- It is a concise overview of Career Episodes.
- It highlights Competency Elements.
- It refers to Elements in Career Episodes where it occurs.
- It must be crafted as per the Occupational Category.

A Continuing Professional Development (CPD)

A CPD shows the reasonable steps applicants have taken to maintain the currency of their knowledge and competence in their engineering practice area. It must be in a table format (Title, date, duration, and venue) showcasing the details below:

- Conferences, Seminars, and Workshops Attended
- Technical meetings and Technical inspections attended
- Formal postgraduate and short courses completed
- Books, journals, and manuals studied

How to Avoid CDR Rejection?

- > Follow the Australian Standard English
- > Write in English and one's own words
- > Use first Person Pronoun (such as “I”, “My”, “Me”)
- > Write Accurately and Coherently
- > Maintain Clarity, Consistency, and Compliance
- > Do not copy others' Information
- > Maintain the Australian code of Ethical conduct
